Kalispell, MT 59901

Dear Pride,

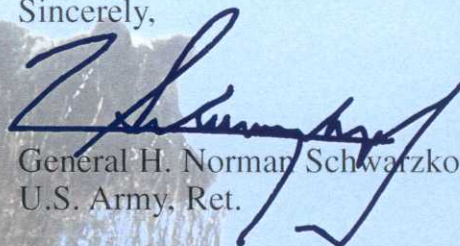

On behalf of the Interagency Grizzly Bear Committee and Center for Wildlife Information, I would like to express our appreciation for the generous contribution Counter Assault has made to our Grizzly Bear Conservation and Wildlife Stewardship Program.

Our Bear Conservation and Wildlife Stewardship Program trains young adults so they can train future generations. This multiplies the benefits of your contribution for years to come.

Your contributions have enabled us to expand our educational outreach program to schools and youth groups throughout Montana, Wyoming and Idaho.

Your participation will also enable our children and their children to enjoy these wildlife treasures as we have. We could leave them no finer legacy.

Sincerely,

General H. Norman Schwarzkopf
U.S. Army, Ret.
